Education solutions

Mslive have executed various solutions in the field of Education like E-Content solutions & Web Casting. We have offered various solutions for Educational institutions

Live Streaming for Churches

Churches and houses of worship bring people together through the combination of religion and community. It's a place where people can find salvation and relief, especially during hard times

Livestreaming for Healthcare

The rapid adoption of live streaming in the healthcare sector has come across as a boon during the pandemic. From virtual doctor visits, remote patient monitoring, and the use of healthcare robots, live streaming has revolutionized the healthcare sector in reducing the need for people to physically interact with one another
